

MARKETING CALENDAR – RURAL SOLE AGENCY AGREEMENT

MONTH 1 WEEK 1

MONDAY

TUESDAY

WEDNESDAY

THURSDAY

FRIDAY

SATURDAY

Photography and editing of photographs are the priority for the first week in preparation of marketing. The photography is weather dependent and thus difficult to pin to an exact date. Once the photoshoot is complete, it can take up to 4 days to receive the edited camera and drone visuals. While photography is being done, the salesperson will write the advertising copy and present to the vendor/s for review and approval. The salesperson will also be putting the Property Information e-book together and include the visuals when it is ready. The Property Information e-book will also include a copy of the Property Title and extracts from the Council Property File.
